Report of Principal and School Improvement Council

Welcome to the 2013-2014 school year! During 2012-2013, Batesburg-Leesville High School continued its mission of preparing students to reach their maximum potential in academics, arts, athletics, and responsible citizenship. The administration, faculty, staff, and students at Batesburg-Leesville High School are proud of the many accomplishments and gains that were achieved by the school. Many students and faculty members have been recognized for their outstanding representation of our school. The class of 2013 received over \$4 million in scholarships. In addition, 35% of our seniors qualified for either 2-year or 4-year LIFE Scholarships. For the first time in school history, 100% of students who were eligible qualified for the Palmetto Fellows Scholarship, and one received the South Carolina Academic Honors Diploma.

A major highlight of the 2012-2013 school year was our designation as a Palmetto Silver Award recipient for the third year in a row. This award recognizes schools that make substantial progress in closing the achievement gap. The award was won through the efforts and hard work of our school administration, faculty and staff, students, parents, the community and the support of our district and Board of Trustees. In addition, our school also received recognition for high achievement for significant gains on both the SAT and ACT tests.

Extracurricular activities continued to be an integral part of our school's success. In Fine Arts, our marching band placed 3rd in the 1A State Championship. Continuing a proud tradition of excellence in athletics, six varsity sports qualified for the state playoffs and many of our athletes were named to All-Region and All-Area teams. In addition, our girls track team finished as the state runner-up at the state meet and two girls earned state championships in their individual events.

Our school leadership team and High Schools That Work focus teams have been busy planning for the upcoming school year. Along with our district-wide emphasis on literacy, we will continue to focus on the growth and development of the Freshman Academy as well as increasing instructional rigor through additional AP courses offerings. We look forward to a rewarding, challenging, and productive 2013-2014 school year!

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
